

# Student Success Initiative

## Credit Accumulation Initiative Status Report, April-May 2016

### Achievements in this period

---

During this time period, work continued with Marketing to create an info graphic piece that would be the foundational material for communicating the Finish in Four (FIF) initiative with students. The committee met on April 14 to review a draft of this material, providing a number of insights. After review and approval by the project sponsor, the infographic flyer was completed, printed, and is currently being distributed to students at Orientation. A Website was established at [finishinfour.uic.edu](http://finishinfour.uic.edu). A pdf of the flyer is attached.

### Goals for next period:

---

The work of this project team is very nearly complete. A few marketing materials remain to be created and executed--light boards and banners, for instance. Further the website should be converted from it's current text to mirror the infographic. A timeline will be established for communicating in coming years with other constituents, including advisors, parents, prospective students, and continuing students. The project will end within the next period and a final report will be submitted.

### Key Decisions

---

As described above, after some deliberation, it was decided to roll out the FIF project to students immediately this year.

### Open Issues:

---

As described above, a timeline and framework will be established to communicate with various audiences. Additionally, an assessment plan must be established.

### Progress Indicator:

---

**Team Lead:** Tom Moss

**Team Members:** Eileen Doran, Lillye Hart, Elsa Soto, Philip Vasquez, Joey Volpe
